EDUCATION

- Architecture at Politecnico di Torino 1991 – 1995
- Secondary Scientific high school degree, Design, Information Technology 1985 – 1990

About Me

Developer, Designer, Manager

I've started Internet browsing in 1995 with a 14400Kbps dial-up modem using Mosaic.

Excellent knowledge of the Web Publishing using Modern Dynamic CMS (WordPress).
Excellent knowledge of the graphic software (Adobe CS Suite).
Good knowledge of operating systems Apple, Windows and Linux (Debian / Ubuntu).

I'm Open Source Software enthusiast supporter.

PHP/HTML, CSS and Javascript (Jquery,Bootstrap) are the basic ingredients for a modern webdesign. United to a tuned LAMP structure, let me realize useful website that meet the client needs.

ONLINE CERTIFICATION

- Programming in Python
- <https://www.coursera.org/records/rJhqaPXGXuRRk5fs>
